DEPARTMENT OF NATURAL RESOURCES
STATE OF UTAH

IN THE MATTER OF A TENTATIVE
DECISION TO APPROVE A MINING
AND RECLAMATION PLAN FOR
BMW STONE, INCORPORATED,
SUMMIT COUNTY, UTAH

NOTICE OF TENTATIVE
DECISION TO APPROVE
NO. M/043/021

THE STATE OF UTAH TO ALL OPERATORS, TAKERS OF PRODUCTION,
MINERAL AND ROYALTY OWNERS, AND PARTICULARLY ALL PERSONS
INTERESTED IN SECTION 21, TOWNSHIP 1 SOUTH, RANGE 5 EAST, SLBM,
SUMMIT COUNTY, UTAH.

Notice is hereby given by the Division of Oil, Gas and Mining
of its tentative decision to approve the Mining and Reclamation
Plan for BMW Stone, Incorporated's Brown's Canyon Rock Quarry
mining activities will effect the following area: SW/4 NW/4 and
NW/4 SW/4, Section 21, Township 1 South, Range 5 East, SLBM,
Summit County, Utah.

BMW Stone, Inc. has submitted a permit application to ex-
pand their existing small mining operation to a large mine status.
The operator will employ the following mining and reclamation
techniques on approximately 9.1 acres of land to be affected by
the proposed mining operation.

During Operations:
Sandstone is excavated from the ground using a backhoe.
Once stone is removed, it is spread out with front end load-
ers and palletized for sale. Waste material is added to the
dump, to be crushed for ground cover (landscape material).
All trash and debris is collected and hauled to the county
landfill. Warning signs are placed on the crown of the face
while mining is in process. There is a fence around the prop-
erty to keep the public out. The edge of the ephemeral
drainage has been lined with large boulders to prevent any
impact to this drainage.

After Operations:
All areas except the access road will be reclaimed. All struc-
tures will be removed. All slopes will be regraded to a slope
of 3h:1v, or less. There will be no pit or highwall left at the
end of mining. Compacted areas will be ripped. One foot of
topsoil or other suitable plant growth material will be spread
over all disturbed areas (except the access road) and
amended with five tons per acre of composted manure. The
disturbed area will be broadcast seeded with an approved
seed mix that will provide quality cover and forage for graz-
ing and wildlife habitat.

The person representing the company is Mr. Mark Willes,
Phone (801) 562-0852. BMW Stone, Inc. is fulfilling obligations un-
der the Utah Mined Land Reclamation Act of 1975, Utah Code
Ann. §40-8-18.

Any person or agency aggrieved by this tentative decision
to issue approval is hereby requested to submit written protest
within thirty (30) days of the date of publication to Mary Ann
Wright, Associate Director of Mining, Division of Oil, Gas and Min-
ing, 1594 West North Temple, Suite 1210, Box 145801, Salt Lake
City, Utah 84114-5801, setting forth factual reasons for the com-
plaint. If no responsive written protests are received by the Divi-
sion within 30 days after the last date of publication, the tentative
decision of the Division will be final.

DATED THIS 28th day of April, 2000.
